

Please do not allow banks to weaken the Indiana Telephone Privacy Law by allowing them to impose the federal "established business relationship" exemption on Indiana consumers. I signed up for the list because I feel very strongly about about "telemarketing" calls. I refuse to talk to them, listen to their spiel, or purchase their products. It would be counterproductive for them to call me. If I receive a telemarketing call from my current bank, I will make every effort to find a bank that won't!
